

Commitment to Digital Ethics

I, _____ commit to applying the principles of Digital Ethics to my computer use at school and at home. This means that I will:

- Protect my own and others' identities
- Stay away from cyberbullying and report it if I know it is happening
- Keep private, personal information and photos offline
- Post things I am proud of, knowing they will be public and permanent
- Use my good judgment when deciding how accurate Internet information is
- Give credit for material I use that I find on the Internet
- Ask permission before using copyrighted material

I will use the Internet and computers as tools to increase and enrich my learning!
